Dear Mr Roodt

PERMIT: No. 80/06/01/006/51

I attach as requested a permit for the rescue of an Iron Age skeleton disturbed by the development of a retaining wall around a reservoir at Lonmin Platinum Mine. In addition to the rescue of the human remains SAHRA has also approved the analysis of the human remains which will be stored at the Polokwane Museum until such time as final arrangements for its reinterment has been made with interested and affected parties. This will be determined during the 60-day public participation process as required by the regulations (Section 36 of the NHRA).

SAHRA wishes you every success with the project.

Sincerely

Mrs Mary Leslie
