

## **Final Comment**

### **In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999) and the KwaZulu-Natal Heritage Act (Act 4 of 2008)**

**Attention:** eThekweni Metropolitan Municipality  
PO Box 680  
Durban  
4000

**The proposed pedestrian bridge is located within Ward 51 of the eThekweni Municipality, off Mountview Drive, Verulam, KwaZulu-Natal. The proposed pedestrian bridge alignment passes over two non-perennial Ohlanga streams and will connect the 610210 road to the west, with the 600109 street to the east.**

Amafa has no objection to the development as desktop survey by Gavin Anderson concluded that there are no heritage sites on the largely disturbed footprint.

Considering the heritage study recommendations the developer should proceed with caution as the desktop study does not rule out the possibility of chance finds in form of bones, pottery sherds and fossils. You are therefore required to adhere to the below-mentioned standard conditions:

#### **Conditions:**

1. Amafa should be contacted if any heritage objects are identified during earthmoving activities and all development should cease until further notice.
2. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from Amafa.
3. No activities are allowed within 50m of a site, which contains rock art.
4. Sources of all natural materials (including topsoil, sands, natural gravels, crushed stone, asphalt, etc.) must be obtained in a sustainable manner and in compliance with the heritage legislation.

Failure to comply with the requirements of the National Heritage Resources Act and the KwaZulu Natal Heritage Resources Act could lead to legal action being instituted against the applicant.

This decision is **valid for a period of two years**.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

## Proposed construction of Verulam Pedestrian Bridge.
