**EXCAVATION PERMIT APPLICATION FOR FURTHER PHASE 2 ANALYSIS OF HERITAGE FEATURES
ON THE REMAINDER OF THE FARM KROMRIVIERFONTEIN 360 LT, AND THE REMAINDER OF THE
FARM WORCESTER 200 LT, LIMPOPO PROVINCE**

Dear Mr Kruger,

Thank you for your permit application to mitigate [Exigo-BSP-IA03-06](#), situated on the farm on the remainder of the Farm Kromrivierfontein 360 LT and the remainder of the Farm Worcester 200 LT in the Greater Letaba Local Municipality, Mopani District Municipality, Limpopo Province. It is noted that the sites will be impacted by the development of the Bolubedu solar facility.

1. SAHRA Archaeology, Palaeontology and Meteorites Unit has reviewed your application and will only process the permit application when environmental authorisation for the development is granted by the competent authority.
2. Please note that SAHRA did not object to the development of a solar facility in its final comment (case 9925) but can only process an application for the mitigation of the affected heritage resources after the granting of the EA.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
